The board decided to defer action until the next meeting in order that the offer may be thoroughly investigated. The sites offered are in every part of the city. The sum of \$150,000 has been appropriated by the Legislature for the new school, but it is not believed that work on the building will be commenced before next spring.

BAUGHER'S PETITION DENIED. Judge Holds Hysteria Is Not

Ground in Divorce. Circuit Judge Taylor denied a divorce yesterday to Gustav Baugher, holding that the actions of Mrs. Baugher complained of by him were doubtless due to hysteria. The couple were married in 1885. They have not lived together as man and wife since 1962, although occupying the same house. Baugher claimed that his wife caused a disturbance several times in public. Evidence was affered showing that she was hysterical. Judge Taylor said that their living in the same house was sufficient cause for him not to recognize the suit.

BELIEVE MAN WAS MURDERED.

Unidentified Body Found in River

Shows Bullet Hole.

Justice John Crecellus, Acting Coroner of

Oakville, St. Louis County, has *equested Chief of Detectivis Desmond to assist him

in establishing the identity of a man whose ody was found in the river near Cliff Cave

Monday. It is believed the man was mur-

dered.

In a letter to Chief Desmond Justice Crecelius states that the body was found by John Schicker and Matt Kurten. A pistol wound was found in the dead man's head, and it is evident that he was killed before the body struck the river.

The man was about 35 years old, 5 feet 3 inches in height, and weighed about 140 pounds. He wore a checked flannel shift, cotton shirt, black jeans trousers and gaiters.

The police records have been searched

but no report of any person answering the description has been found.

The body has been buried near Cliff Cave

Court Denies Divorce Decree.

Circuit Judge Fisher yesterday denied

divorce to Julius Hammer, who stated that

his wife, Mary, borrowed money from the

meighbors, and that she bet on the faces. The couple were married October 11, 1872, and separated in November, 1801. The evidence showed that Hammer gave his wife money each month, but that the care of the family fell upon her. Judge Fisher said that as the couple had a large family it might have been necessary for her to borrow money at times.

Physicians Will Gather at St. Vichola Hotel This Afternoon and Have a Banquet To-Morrow.

The annual meeting of the Missouri Oseopathic Association will begin this afternoon at the St. Nicholas Hotel. The session will continue this evening and come to an end to-morrow night. The meeting will be devoted to business

sessions, executive sessions, reading of papers and discussions. It is expected that one hundred physi-

will have in the neighborhood of \$557,000 placed at its disposal for street cleaning purposes.

This amount is more than half of the increase over the amount appropriated last year, and Mr. Player says that it will be devoted to cleaning and repairing streets and the reconstruction and repairing of sewers.

The appropriation for municipal purpower for the year 1902 was \$6,000, while for the current year it is estimated to be \$7.845,000, which makes an increase of \$1.185,000.

This literease is made necessary on account of the great number of improvements which the city has now under way or contemplated and Pius Hospital is to be completed and Pius Hospital purchused, also two new engine-houses. In addition to this there are extensive repairs to be made on some of the public buildings, and the city must hear its share of the expense of street reconstruction.

The estimates, outside the regular amounts for the different departments, made for these projects by Comptroller Player, are \$160,000 for the complete.

For the purchase of Pius Hospital, \$50,000 will be expended, and \$88,000 for the two fire engine-houses, while \$30,000 will go to repair the Courthouse.

The city's share of the cost of street reconstruction is estimated at \$120,000.

The general appropriation bell was given its first reading in the Council reseday night, and President Hornsby referred it to the Ways and Means Committee. dans of the school will be in attendance, and one of the important details to be taken up is the discussion of recent legislation in the State. Sanitariums and postgraduate courses also will be discussed.

many of the Eastern manufacturers and wholesalers bid and the competition was very close. The Hargadine-McKittrick Dry Goods Company of St. Louis, however, made a bid for the dry goods of all kinds, which as to quality and price were so excellent that a large part of the whole contract for the Indian agencies was let to the house by the Commissioner of Indian Affairs, Mr. W. A. Jones. The goods supplied on this bid by the St. Louis concern will be delivered at the St. Louis Indian Supply Warehouse and shipped from there to the Indian agencies.
